

CCR Remand Rule

Background

Petition for Rconsideration

- On May 12, 2017, USWAG submitted a Petition for Rulemaking to Reconsider Provisions of the CCR Rule and to hold in abeyance the current challenge to the CCR Rule. (Portions of this case have been settled; parties have filed final briefs and we are awaiting a date for oral arguments.)
- USWAG also seeks extension of the compliance dates in the CCR rule to allow time for States to have programs approved and issue permits.
- USWAG requested 13 specific regulatory revisions.
